Why We Do a Census?

Article 1, Section 2 of the US Constitution

The actual enumeration shall be made within three years after the first meeting of the Congress of the United States, and within every subsequent term of ten years, in such manner as they shall by law direct.

The Decennial Census

Conduct a census of population and housing
Disseminate results to the President, the states
and the American People

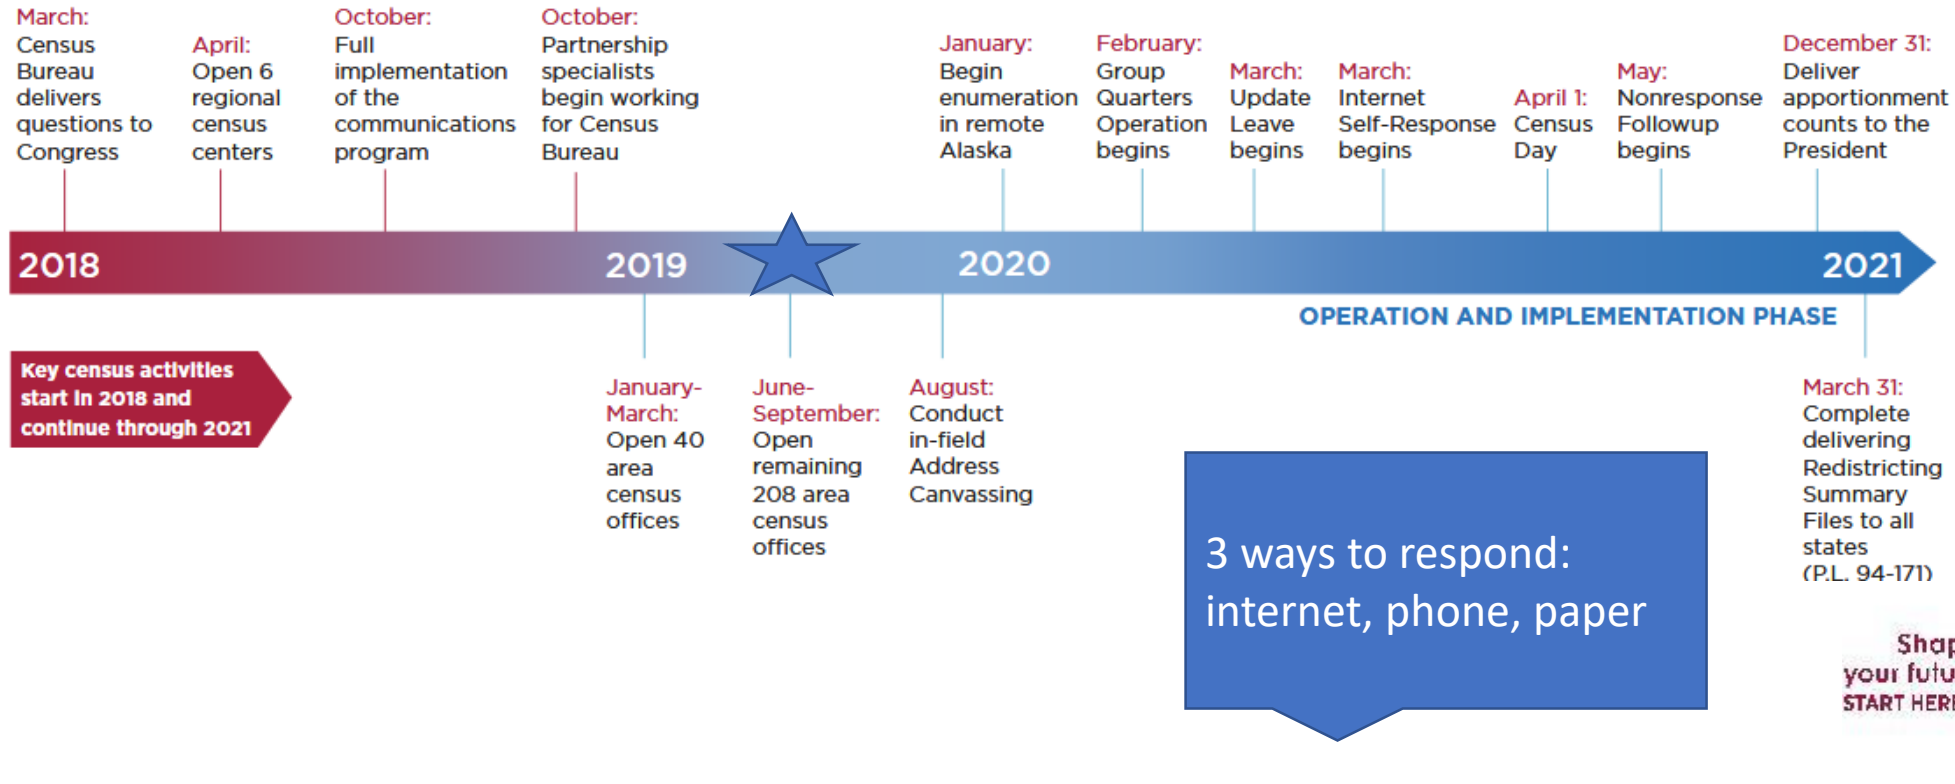

Uses of Census data:

- **Draw** congressional and state legislative districts, school districts and voting precincts
- **Distribute** federal dollars to states
- **Inform** planning decisions of federal, tribal, state and local government
- **Inform** organizational decisions (e.g., where to locate, size of market, etc.) of businesses and non-profits

2020 Census Operational Timeline

How the 2020 Census will invite everyone to respond

Nearly every household will receive an invitation to participate in the 2020 Census from either a postal worker or a census worker.

 **95%** of households will receive their census invitation in the mail.

 **Almost 5%** of households will receive their census invitation when a census taker drops it off. In these areas, the majority of households may not receive mail at their home's physical location (like households that use PO boxes or areas recently affected by natural disasters).

 **Less than 1%** of households will be counted in person by a census taker, instead of being invited to respond on their own. We do this in very remote areas like parts of northern Maine, remote Alaska, and in select American Indian areas that ask to be counted in person.

WHAT WE WILL SEND IN THE MAIL

On or between	You'll receive:
March 12-20	An invitation to respond online to the 2020 Census. (Some households will also receive paper questionnaires.)
March 16-24	A reminder letter.
	If you haven't responded yet:
March 26-April 3	A reminder postcard.
April 8-16	A reminder letter and paper questionnaire.
April 20-27	A final reminder postcard before we follow up in person.
