The eligible applicant agency or organization must demonstrate its ability to administer a multi-State program, as specified in Section IV.B.4.a (5). Cost Share or Matching Requirement: Yes This program requires cost sharing (20 CFR §641.809). Such funds may be in the form of cash or in-kind contributions or a combination of the two and must be, at a minimum, equal to ten percent of the total cost of activities carried out under a SCSEP grant. Any resources contributed to the project in addition to cost share funds will be considered leveraged resources. Section IV.B.2 provides more information on leveraged resources. Applicants must identify intended sources of this non-Federal share in the Budget Narrative. Grantees will be financially responsible if they fail to meet the cost-share requirement and compliance with that requirement will be determined by examining expenditures of SCSEP funds in accordance with 20 CFR 641.876. The cost share requirement must be met at the time that all SCSEP funds have been expended by the grantee or by the period of performance end date. Some applicants may qualify for an exemption from the non-Federal share requirements. Please see Section IV.B.4.a)(6) for more information.
